

## UK 821 Dry Case

Tough injection molded o-ring sealed carrying case protects contents from dust and water. The pluck foam filling can be easily customized to protect all shapes of delicate objects. Great for protecting delicate dive gear, photographic equipment, boating instrumentation and other travel sensitive items.

- Tough ABS construction withstands 7 foot drop to concrete
- Padded fold-down ABS handle
- Strong ABS snap latches
- Full length hinge, padlock loops and two front latches secure contents
- Pressure equalization valve allows easy opening after altitude or temperature change
- Interlocks in stacks with same or mixed sizes

Standard colors include black, yellow and orange.
